# OUR VALUES

We consistently demonstrate **TRANSPARENCY** in our agreements, **HONESTY** in our commitments and **QUALITY** in our performance.

We believe in **TEAMWORK** and the limitless possibilities of collaborative energy.

We support and encourage open communication and meaningful **COOPERATION** among colleagues from varying backgrounds and disciplines.

We achieve excellence by putting **COLLECTIVE GOALS** ahead of personal interests.

We **STRIVE** for continuous improvement in our **PERFORMANCE**, measuring results carefully, ensuring integrity and respect.

We exceed **CUSTOMER EXPECTATIONS** in our services. We build customer relationships and ensure their **SATISFACTION**.

We play an active role in making our community a **SAFE** and **BETTER** place to live and work

**QUALITY** is ingrained in the work of our colleagues and all our **VALUES**. We have a relentless **PASSION** for quality in everything we do.

## OUR VISION

To be a leading fire safety provider in Middle East that delivers definite solutions to effectively fight fire and ensure the safety of society.

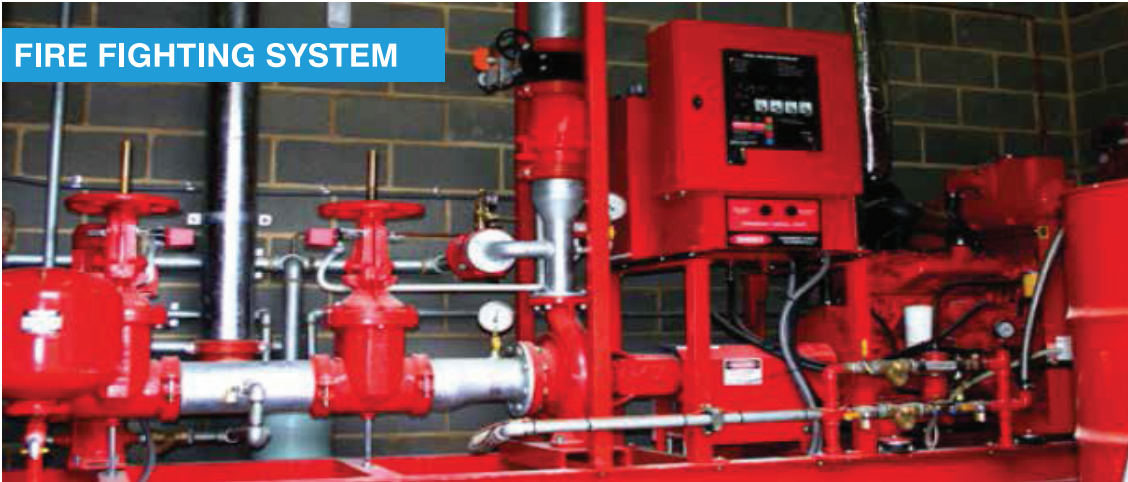

## OUR MISSION

To reduce Fire Incidence and related accident to the barest minimum using the latest Fire Prevention Technology and constant Training.

# OUR SERVICES

## FIRE FIGHTING SYSTEM

A fire fighting system is probably the most important of the building services, as its aim is to protect human life and property, strictly in that order. Dib Technology provide designs, supplies, installs and services fire pumps, Sprinklers, Hydrants, Hose reels Fire water tanks which work to provide an adequate supply of water to the entire firefighting system.

Servicing of firefighting systems suitable for the protection of all risk and environment types. With fully trained designers, project managers and engineers you can be assured of a professional and cost effective solution.

- Fire Pumps and Fire Water Tanks
- Fire Sprinkler System
- Fire Hose reel System
- Fire Hydrant System
- Breeching let
- Foam and Water Deluge system
- Inspection, Site Surveys
- Annual Maintenance Contract (AMC)
- Test Reports
- Repair Servicing and Maintenance

## FIRE DETECTION SYSTEM (FIRE ALARM SYSTEM)

Dib Fire Protection system Designs, Supplies and Installs the correct fire alarm systems for your environment assuring you of a reliable and efficient method of fire detection. Our fully trained engineers ensure that your fire alarm system is installed according to current guidelines.

- Conventional Fire Alarm System
- Addressable Fire Alarm System
- Standalone/Battery Operated Detectors
- Open area Beam Detection System
- Inspection, Site Surveys
- Annual Maintenance Contract (AMC)
- Test Reports
- Repair, Servicing and Maintenance

# OUR SERVICES

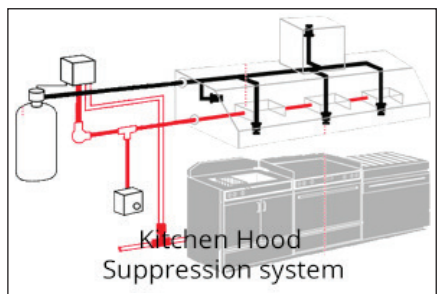

## FIRE SUPPRESSION SYSTEMS

With the increasing demand for fire protection of critical assets, assessing the risk from fire, providing the correct system to meet the customer's protection requirements requires experience and knowledge. Alpha has developed the expertise to undertake all types of projects for the provision and installation of fire suppression systems as specialist providers.

From kitchen fire suppression systems to server room fire suppression, we design and install systems to the requirements specified by our clients. This includes a new patented Dry-Mist System that comprises of a hose reel, small tank of water and patented low pressure 25 to 100 Micron Dry Mist that requires no water mains, pumps or pressure.

Our Fire Suppression capability covers a wide range of systems, including:

- Water • Water mist • Fog systems • Foam • Foam mist • Dry chemical • CO2 • Hallatron • FM200V • Naaff 125 • Inergen • Novec • Argonite • Argon • Aerosol • Tube Technology

- FM 200 System
- Kitchen Hood Fire Suppression System
- Gas(Co2) Fire suppression system
- Annual Maintenance Contract (AMC)
- Test Reports
- Servicing and Maintenance

## PASSIVE FIRE PROTECTION

By containing and compartmentalizing a fire and preventing it from spreading throughout building, fire doors are essential for life safety and property protection. We, DiB Technology specialized in the passive fire protection.

- Fire rated Steel and wood Doors
- Fire rated smoke and fire curtains
- Fire and Smoke Curtains
- Fire rated Façade
- Penetration sealants
- Intumescent coatings
- Servicing and Maintenance

## EMERGENCY & EXIT LIGHTING SYSTEMS

Emergency Light

Exit Light

We provides the design, supply, installation and servicing of all emergency & Exit lighting.

- Exit Light System
- Emergency Light system
- Fire telephone
- Inspection, Site Surveys
- Annual Maintenance Contract (AMC)
- Test Reports
- Repair, Servicing and Maintenance

## CCTV

Video Surveillance, is the use of video cameras to transmit a signal to a specific place, on a limited set of monitors. We provide our services to those that may need monitoring such as banks, exchange shops, jewellery shops, and convenience stores.

## SECURITY ALARM SYSTEM

A Security Alarm is a system designed to detect intrusionun authorized entry into a building or area. We install and maitain Security Alarms in residential, commercial, industrial, and military properties for protection against burglary or property damage, as well as personal protection against intruders.

# OUR SERVICES

## SAMTV SYSTEMS

A SMATV System, which consists of one or more satellite receiving dish antennas, is usually installed at the rooftop of a building. Satellite programmes received by these antennas are distributed by cable to individual households of the building.

## ACCESS CONTROL SYSTEM

Access control decisions are made by comparing the credential to an access control list. This lookup can be done by a host or server, by an access control panel, or by a reader. Also we install Attendance, Gate and Barrier Systems.

## SERVICES & MAINTENANCE

DIB Technology, provide 24/7 services to all above systems by professional engineers and technicians, certified from Dubai Police and Civil Defence.

## CENTRAL BATTERY SYSTEM

Emergency Light System requires some sort of a battery or generator system that could provide electricity to the lights during a blackout. Central Battery Systems provide peace of mind, they ensure that emergency lighting continues to function regardless of the fire maintenance by providing a single testing point for all luminaires.

## VOICE EVACUATION SYSTEMS

Voice Evacuation Systems have become popular in most countries. Alarms typically are not as loud as bells, and usually sound an alarm tone and a voice message warning that an emergency has been reported and to evacuate the building. Voice evacuation systems can also be used by personnel to give specific live information and/or instructions over the alarm system using a built-in microphone, which provides a distinct advantage over horns or bells. The system can be stand alone, or the system can accommodate public address system functionality.

# OUR PROJECTS

## International Indian School

Contractor: Prestige Constructions  
Consultant: Al Nakheel Engineering Consultants  
Systems: Fire Alarm, Fire Fighting, CCTV & PA  
Scope of work: Supply, Installation, Testing & Commissioning

## Sharjah Indian School

Contractor: Amiri Electro Mechanical  
Consultant: Capital Engineering Consultancy  
Systems: Fire Alarm, Fire Fighting including Deluge & Hydrant, Voice Evacuation & FM200  
Scope of work: Supply, Installation, Testing & Commissioning

## G+6 Building

Contractor: LA CASA Contracting  
Consultant: Al Nakheel Engineering Consultants  
Systems: Fire Alarm, Fire Fighting  
Scope of work: Supply, Installation, Testing & Commissioning

## G+2 Building

Contractor: LA CASA Contracting  
Consultant: Al Tameer Engineering consultants  
Systems: Fire Alarm, Fire Fighting  
Scope of work: Supply, Installation, Testing & Commissioning

## Islamic Pakistani School

Contractor: Prestige Constructions  
Consultant: Al Asri Engineering Consultants  
Systems: Fire Alarm, Fire Fighting & CCTV  
Scope of work: Supply, Installation, Testing & Commissioning

## 20 Warehouses G+1 Office Block

Contractor: Prestige Constructions  
Consultant: Abdulla Mukadam Engineering consultant office  
Systems: Fire Alarm, Fire Fighting  
Scope of work: Supply, Installation, Testing & Commissioning

## G+M+4 Building

Contractor: LA CASA Contracting  
Consultant: Al Nakheel Engineering Consultants  
Systems: Fire Alarm, Fire Fighting  
Scope of work: Supply, Installation, Testing & Commissioning

## G+4 Building

Contractor: Al Faraj General Contracting  
Consultant: Abdulla Mukadam Engineering consultants  
Systems: Fire Alarm, Fire Fighting  
Scope of work: Supply, Installation, Testing & Commissioning

## Nursery School

Contractor: Prestige Constructions  
Consultant: Proarc Architects & Engineering Consultants  
Systems: Fire Alarm, Fire Fighting  
Scope of work: Supply, Installation, Testing & Commissioning

## G+6 Building

Contractor: SAS Contracting  
Consultant: Al Nakheel Engineering Consultants  
Systems: Fire Alarm, Fire Fighting  
Scope of work: Supply, Installation, Testing & Commissioning

## G+4 Building

Contractor: LA CASA Contracting  
Consultant: Al Sahel Engineering consultants  
Systems: Fire Alarm, Fire Fighting  
Scope of work: Supply, Installation, Testing & Commissioning

## Project: G+2 Building

Contractor: Al Faraj General Contracting  
Consultant: Al Tameer Engineering consultants  
Systems: Fire Alarm, Fire Fighting  
Scope of work: Supply, Installation, Testing & Commissioning
